

How to mirror the HNCF Carol Concert to your TV

Have a smart TV?

If you have a smart TV you may be able to mirror a device directly to your TV. You can usually tell you have a smart TV if it offers built-in apps such as Netflix.

1. Make sure that your phone is connected to the same WiFi as your TV.
2. Tune in to the HNCF carol concert Facebook livestream on the 17th December and look for this icon on the video 
3. Select your TV from the dropdown menu and enjoy!

This method may vary slightly depending on your smart TV

Have a TV stick?

If you have a TV stick such as an Amazon Fire TV or Google ChromeCast then you can mirror a device to your TV.

1. Make sure that your phone is connected to the same WiFi as your TV stick.
2. Tune in to the HNCF carol concert Facebook livestream on the 17th December and look for this icon on the video 
3. Select your TV stick from the dropdown menu and enjoy!

Have a laptop?

For a simpler method, you can use a laptop or computer.

1. Connect a HDMI cable from your laptop to your TV.
2. Change your TV input to the relevant HDMI port. There will usually be a button such as 'Input' or 'source' on your controller.
3. Open our Facebook live via your laptop and enjoy!
